

Nature Study One Hundred Lessons about Plants (Classic Reprint) (Paperback)

By David Worth Dennis

Forgotten Books, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Nature Study One Hundred Lessons About Plants Nature Study is new; Liebig was the first man who used a laboratory for instruction. He began his career as a teacher in 1824. Courses in mathematics and language have had centuries in which to perfect their methods of instruction and the lessons it is best to offer; for this reason, lessons in these subjects are good, if not the best, that can be offered, and the methods of giving them have had opportunity to eliminate errors. The teacher of nature study has almost no past to guide him. The older teachers of nature study were not themselves taught in schools. As a department of instruction it is without traditions or precedents. Every serious teacher so far has had to pave his own road. All teachers have gone different roads. It could not be otherwise. The material with which nature study deals, is inexhaustible; no one can ever be acquainted with more than an insignificant fraction of it. It is all good. It will always be the case that success...
