Were there really giants in those days Where did they come from and what happened to them Did the old biblical prophets have some mystical power over the elements, that they did as they commanded them Or were these only tales to put the fear of God into mankind One small archaeological team working in South Eastern Turkey is about to make the biggest discovery of all time. What if this is really the burial site of the Anakim, the giants written about in the Bible How will they be able to announce such a discovery in a hostile environment unless they find a way to secret them to a different location, somewhere where they will be shown openly to the world. One young Israeli officer may hold the key to this dilemma. But if this plan doesnt work, they stand not only to lose everything they have but possibly even their own lives.
