Haskell, Wyoming has a rich and vibrant history, dating back to the Old West. But with the opening of Paradise Space Flight, an aeronautics company and brain-child of Howard Franklin Haskell IV, the entire town is looking to the future. All except cowgirl, Casey Flint. Daughter of one of the original Paradise Ranch families, Casey is reeling from all of the change in her hometown. Even more so when project manager Scott Martin moves into town and turns her world upside down. Scott is more than ready to embrace the quieter pace of life that Haskell represents while helping a new and exciting company to launch in more ways than one. His life gets even better when he meets and falls hard for local girl, Casey. But Casey proves to be more of a challenge than he anticipated when she seeks to block his efforts to buy land from her father. Scott and Casey rub each other the wrong way, but the sparks they create are irresistible. But just as the two rivals are tempted to give in to attraction, the infamous Bonneville family causes trouble for both Scott and Casey's family. When they threaten to buy out Casey's family's ranch, everyone's futures are in jeopardy. Hearts are on the line as the cowgirl and the engineer must work together to preserve the past and protect the future. The Nerds of Paradise series take place in the modern-day world of Haskell, Wyoming. Want to read about the founding and history of the town?
