Reviews

This type of publication is every thing and got me to seeking in advance plus more. I was able to comprehended every thing out of this created e ebook. I am easily could possibly get a satisfaction of reading a created ebook. (Sonya Koss)

OLD SPACEMEN NEVER DIE! / RETURN TO EARTH

Armchair Fiction:, Medford, 2012. Condition: New. Trade paperback, New, "Old Spacemen Never Die is about a hate that spilled across the galaxy. They were brothers?yes?but in name only. Each wanted the other dead-and they weren't too timid about pulling a trigger or sinking a knife. One commanded a powerful galactic fleet, the other commanded a fleet of murderous space pirates. When they met in battle, a wave of unimaginable bloodshed soon spread across the galaxy. And then there was the woman, the wanton woman whom both brothers wanted for reasons unknown even to themselves-the woman whose nakedness of body and rawness of character only fanned the flames of their hatred even brighter. Famed author John W. Jakes spins an exciting, yet decidedly grim tale of bloody interplanetary conflict and intrigue. A story filled with hatred, love, lust, and death-all wrapped in the enigma of twisted human frailties. The second novel, "Return to Earth," is by veteran sci-fi author Bryan Berry. There was a yearning by some Venusians to return home? to Earth. But there had never been any space flight. It was against the law! The Astronomical Institute had decided ages ago that it was impractical, and that no attempts should be made to break out of the Venusian gravitational field. And so space flight was made? taboo. So people the world over accepted this as fact. It was what they had been taught; it was what they believed. Citizens went about their daily lives with the firm belief that the human race had originated on Venus thousands and thousands of years before, never dreaming the truth, never guessing that humanity's roots led back to Earth." This is a print-on-demand title.
