Since 2005, the Office of Enforcement (OE) has employed a Calendar Year (CY) time-frame to align this report with the annual reports of other programs under the responsibility of OE, such as the Allegations Program, as well as alignment with the Reactor Oversight Process. This report contains information about the escalated enforcement actions that the NRC has taken during CY 2007 as well as changes to the NRC Enforcement Policy, new initiatives, and revised staff guidance. Please note that security-related escalated enforcement actions involving, for example, notices of violation, civil penalties, and orders, are included for statistical purposes but are not described in this report.
