Tate Publishing Enterprises, United States, 2012. Paperback. Book Condition: New. 211 x 132 mm. Language: English . Brand New Book ***** Print on Demand *****.While others his age were content to color the drawings in coloring books, Shawn would first draw airplanes on blank paper and then add the colors. This is the true story of one Shawn M. Theiss, who may as well have been hatched from a big bird as well as that of a human mother, such was his prowess in aviation. Handy with mechanics and drafting from an unimaginably early age, Shawn would go on to forge one of the leading, cutting-edge aviation technology firms in the country. Almost from birth Shawn seemed overtly aware of anything that flew overhead. It was as if he longed for wings and feathers, so that he might join the birds who frolicked above. In time he would realize that it was within his ability to make flying things. From that point on, his thoughts, dreams, and intentions were bent to the heavens above. From rebuilding his first plane and making it fly, to competing in design and engineering competitions, Shawn set the standard for professionalism, enthusiasm, and innovation that made a splash in the industry. Join Shawn and his family for a flight-filled journey toward the unexpected in Surprise, Surprise!.
