

Reflections on The Revolution in France And Other Writings (Hardback)

Filesize: 6.08 MB

Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Everyman, United Kingdom, 2015. Hardback. Condition: New. Language: English . Brand New Book. Amid the 18th century's golden generation that included his companions Adam Smith, Samuel Johnson and Edward Gibbon, Burke's controversial mixture of conservative and subversive theories made him first a marginal figure, and finally a revered theorist - a hero of the Romantics. He warned of the effects of British rule in Ireland, the loss of the American colonies, and most famously, he foresaw the disastrous consequences of revolution in France. This he predicted, would trigger extremism, terror and the atomisation of society - a profound analysis that continues to resonate today. In this absorbing new biography Conservative MP Jesse Norman gives us Burke anew, vividly depicting his dazzling intellect, imagination and empathy against the rich tapestry of 18th century Europe. Burke's wisdom, Norman shows, applies well beyond the times of empire to the conventional democratic politics practised in Britain and America today. We cannot understand the defects of the modern world, or modern politics, without him.
