Reviews

This pdf is definitely not easy to get started on studying but quite entertaining to read through. I am quite late in start reading this one, but better then never. Once you begin to read the book, it is extremely difficult to leave it before concluding.

Createspace, United States, 2013. Paperback. Book Condition: New. 214 x 149 mm. Language: English . Brand New Book ***** Print on Demand *****.About Buddha Crane Karate: Matrixing is a method of logic. While it can be used in any endeavor, it is specific to the Martial Arts. This book, Buddha Crane Karate, demonstrates how Matrixing was created, and how it is used to delineate and align martial arts. Mind you, it is only the forerunner of the matrixing courses offered on my website, but it is pivotal to the development of matrixing, and thus extremely important. In this book you ll see. The circle of blocks that eventually developed into the matrix of blocks. How I developed the buddha palm as a split timing sort of thing, which evolved Karate from a block and counter method. The exact thing that mashes data together and destroys the alphabet of the martial arts. You ll see my first arguments as to how and why the martial arts become corrupted. You ll see my first thoughts solving internal energy which will develop into the book on The Punch. You ll see mention of various arts and how they contribute to matrixing. You ll see my first conclusions regarding matrixing all the directions of the universe. You ll see the data concerning how I developed thousands of techniques from the logical arrangement of just a few techniques. You ll see a lot of things that developed directly into matrixing, or showed how I did it. Further, you ll see how I created and arranged concepts and motions to make an entire art. Ground up, right from the start, and in a way so you ll understand that I was not throwing away the classical, but trying to right it. Now, here s the thing....
