This publication may be worth purchasing. I am quite late in start reading this one, but better then never. It is extremely difficult to leave it before concluding, once you begin to read the book.

BARRETT JUNCTION: UNKNOWN ORIGIN (PAPERBACK)

AUTHORHOUSE, United States, 2004. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****.Upon a young couple in their early twenties viewing a science fiction movie that had frightened the daylights out of them, they remained seated while the other theater patrons headed for the exits. They were so taken aback by the story line and scenery, if it was of an interest to them to see where the movie was filmed. The credits flowing down the screen eventually identified the place as being Barrett Junction, located fifty miles east of San Diego, California on highway 94. Living in Denver, they decide to arrange their time off from work to coincide, so they could vacation together in San Diego. This would allow them to take a side trip to Barrett Junction, for an exciting visit to the location where the movie was filmed. The word frightening would be more appropriate than exciting for their visit to Barrett Junction, because they were about to star in their own science fiction nightmare.
