Date :2006-10-1. As an important human tide of gender and cultural transformation, one of feminism in the world have shown a variety of forms, and in its broad based on social practice, showing a theoretical framework for an open, pluralistic. Feminism seeks to achieve through education, women's self-liberation and thus directly involved in the transformation of human culture, ideology and culture, rather than through war and violence to change the status quo and make humans a better purpose, therefore, to build a harmonious society for feminist of great significance. The diversity of feminist thought not only for us to understand the root causes of women's oppression, to understand how gender discrimination and other prejudices against humanity, the idea of ??providing open and unlimited inspiration, but also we live in a multicultural era and provides a self- He's thinking about the relationship between the most abundant. Chinese Feminism is sharp, but not aggressive. It explores women's issues, care for the harmonious development of the sexes, and, ultimately, concerned about the people the eternal proposition. Book history and the present, translations and localization, the combination of theory and action to join the points, both theoretical and fashion, as we show smiling Chinese feminism.
