A brand new electronic book with a new standpoint. It is written in basic phrases rather than confusing. It's been designed in an extremely basic way which is merely right after I finished reading through this publication where basically altered me, change the way I believe.

STORMCLIFF A TALE OF THE HIGHLANDS (CLASSIC REPRINT) (PAPERBACK)

Forgotten Books, 2018. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. Excerpt from Stormcliff a Tale of the Highlands The will to attain the summit of the cliff was not impaired by the severe toil of his ascent. When his hat brushed from his head, and fell away into the yawning gulf beneath him, he smiled a bitter smile, then clung by one hand, and with the other swept back from his eyes the long hair, that he might better calculate his course; then higher and more carefully he climbed with unabated earnestness and will. He knew that no other human creature had ever attempted the mad feat. He knew also that the chances of his being able to descend again with his life, were the chances only which madmen take. But a storm was raging within him, which drowned fear, and reason, and prudence; and the terrors of the ascent were to this storm as the zephyr to the tornado.
