Reviews

This written book is great. I am quite late in start reading this one, but better then never. You will not really feel monotony at at any moment of your time (that's what catalogues are for about when you check with me).

Mel Bay Publications, United States, 2013. Paperback. Condition: New. Language: English . Brand New Book. This book and accompanying audio are intended for the bass player who wants to stretch his or her limits and begin playing outside his or her comfort zone. Starting with just the right hand, the material covers warm-ups, scales, chords and etudes that will help you develop ideas and expand your technique. Different musical styles and time signatures are presented, along with all the chords that comprise most western music. Working through this book will help you acquire limitless chops and become the bassist with the tastiest ideas - the one that other musicians will want to play with. Be careful when you take this book to the woodshed, because you might just burn it down!.
