

Computerized Patternmaking for Apparel Production

By Laura Nugent

Bloomsbury Publishing PLC. Paperback. Book Condition: new. BRAND NEW, Computerized Patternmaking for Apparel Production, Laura Nugent, Computerized Patternmaking for Apparel Production contains twenty lessons in Gerber's AccuMark technology, focused on computerized patternmaking, digitizing, grading, and marker-making. Students will learn how to use the software to make first patterns from basic slopers and make modifications and alterations on existing production patterns. For each lesson, the student will learn how to create a model, enter specs on a technical design sheet, and create a production-ready garment. Features-- Each lesson is accompanied by a photo of the sample that the student is expected to make-- Step-by-step instructions with illustrations generated by the computer program-- Instructor's Guide provides suggestions for planning the course and using the text-- PowerPoint(r) Presentation provides outlines and ideas for lectures; compatible with PC and Mac platforms.
