

Thirty Important Forest Trees of Maryland: How to Know Them (Paperback)

Filesize: 5.55 MB

Reviews

This pdf is amazing. I actually have go through and that i am sure that i will planning to read once again again in the future. You wont truly feel monotony at at any moment of the time (that's what catalogs are for regarding when you request me).
(Wellington Connelly)

THIRTY IMPORTANT FOREST TREES OF MARYLAND: HOW TO KNOW THEM (PAPERBACK)

Createspace Independent Publishing Platform, United States, 2017. Paperback. Condition: New. Language: English . Brand New Book ***** Print on Demand *****. F. W. Besley writes: -Under reorganization of the state government effective January 1, 1923, the present state forester becomes head of the department of forestry in the University of Maryland with the title of Professor of Forestry and State Forester. The duties and functions of the former State Board of Forestry are taken over by the Board of Regents of the University of Maryland. There is also an advisory board of forestry consisting of five members, two of them ex officio (President of Johns Hopkins University and the State Geologist) and three appointed by the governor. The Board of Regents consists of nine members each appointed by the governor for nine-year terms so that the term of one expires each year and there is no chance for political appointments. The Board of Regents of the University of Maryland acts also as the State Board of Agriculture. Besley has published this book entitled, -Thirty important forest trees of Maryland: How to Know Them.- This contains a brief description and line drawings of the leaves and fruits. Forestry leaflets Nos. 24 to 32 are on the subject of various important trees suitable for planting. The initial leaflet covers forest planting itself in a brief way. -Yale Forest School News, Vol. 9.
