

Feminism Unfinished: A Short, Surprising History of American Women s Movements

Filesize: 8.26 MB

Reviews

Complete information for publication fans. Better then never, though i am quite late in start reading this one. Its been written in an extremely straightforward way in fact it is just soon after i finished reading this ebook in which basically altered me, change the way i believe.

Audible Studios on Brilliance, 2015. CD-Audio. Condition: New. Unabridged. Language: English . Brand New. The American women s movement has been shrouded in myths, argue three leading scholars in this bold and revisionist history. Eschewing the conventional wisdom that places the origins of the American women s movement in the nostalgic glow of the late 1960s, *Feminism Unfinished* traces the beginnings of this seminal American social movement to the 1920s, in the process creating an expanded, historical narrative that dramatically rewrites a century of American women s history. Also challenging the contemporary lean-in, trickle-down feminist philosophy and asserting that women s histories all too often depoliticize politics, labor issues, and divergent economic circumstances, Dorothy Sue Cobble, Linda Gordon, and Astrid Henry demonstrate that the post-Suffrage women s movement focused on exploitation of women in the workplace as well as on inherent sexual rights. The authors carefully revise our wave vision of feminism, which previously suggested that there were clear breaks and sharp divisions within these media-driven waves. Showing how history books have obscured the notable activism by working-class and minority women in the past, *Feminism Unfinished* provides a much-needed corrective.
