Filesize: 2.46 MB

### ***Reviews***

*It is one of my personal favorite publications. Indeed, it actually performs, still an amazing and interesting literature. It has been printed in an exceptionally easy way which is merely soon after I finished reading this book where it really altered me, changing the way I believe.*

Jessica Kingsley Publishers. Paperback. Book Condition: new. BRAND NEW, Wholeness in Later Life, Ruth Bright, 'The book is wide-ranging and probably is most satisfactory when it is introducing the reader to concerns, issues, disabilities, client groups or fields of work in which the reader is a non-specialist. It is useful as an introduction and a survey of the major problems impacting on people with particular disabilities as they age. It is, despite its extensive bibliography, less satisfying for the specialist reader. It is well written, well researched as far as Australian and north American literature is concerned and reflects vast practice experience, and great sensitivity and empathy. The values espoused and the attention given to cultural differences and to diverse expressions of spirituality are very relevant to contemporary multi-racial Britain although the discussion arises primarily from experience of the present day polyglot Australia. "If we ourselves wish to be seen as whole people despite advanced age, we must give others the same dignity" (p115) sums up the basis of Ruth Bright's approach. Her appreciation of the lifetime needs of mentally ill people, and others with longstanding intractable conditions, whose vulnerability is exacerbated in later life, is very moving. She writes with great wisdom distilled from wide-ranging scholarship and a lifetime of practice as a music therapist, grief counsellor and multi professional team member employed in many varied health and social care contexts.' - PSIGE (Psychologists' Special Interest Group In Elderly People) Newsletter 'This book would make a useful introduction to the issues faced by people as old age advances. It would be very useful for those interested in music therapy as a tool for working with older people, especially those with dementia.' - International Social Work 'I found this book refreshingly positive and a pleasure to read. It is sensitively...
